CSR PROPOSAL

Project Lakshya

Empowering Rural Youth to Serve the Nation

through Physical Fitness and Written Exam Preparation

Students and mentors of Project Lakshya

Sankalp Abhinav Bharat Foundation, Pune

Training Centre: Takalibhan, Shrirampur, Dist. Ahilyanagar, Maharashtra

www.sabindia.org | contact@sabindia.org

SUMMARY

Project Lakshya at a Glance

Our track record since 2022

Results achieved at our earlier Maka Gaon centre (Taluka Newasa) and nearby villages

180	20	25	120
beneficiaries trained for Agniveer	selected in Agniveer	selections across all forces	donors have supported the project

25 selections: 20 Agniveer, 2 Territorial Army, 1 CISF, 1 BSF and 1 Maharashtra Police; 24 of them joined service.

This proposal: Takalibhan Centre

Our current training centre, where Project Lakshya continues today

Implementing Agency	Sankalp Abhinav Bharat Foundation, Pune, a not for profit Section 8 company (CIN U85300PN2021NPL198001), incorporated 23 January 2021; CSR-1 CSR00066726; 12A and 80G approved (Form 10AD, 26/07/2024)
Project Location	Takalibhan, Shrirampur, Dist. Ahilyanagar, Maharashtra
Beneficiaries	75 to 80 rural young men (17+ years) per batch
Programme	Physical fitness and written exam preparation for the Indian Army, Maharashtra Police, CAPF, Forest Guards and other government services
Programme Cycle	Each batch trains for about 15 months, from enrolment to the recruitment rallies. A new batch starts every year, so the centre runs all year round
Budget	**₹8,75,000 a year for one centre**, including a dedicated abhyasika (study hall) with electricity
Our ask	Fund the Takalibhan centre for one year (₹8,75,000), or sponsor one budget item (see Section 06)
CSR Schedule VII Alignment	Item (ii) promoting education, including employment enhancing vocational skills
Project History	Running since April 2022; earlier at Maka Gaon (Taluka Newasa); moved to Takalibhan in April 2026
Takalibhan today	Current batch of 60 students preparing for Agniveer and Police Bharti; about 94 to 95% attend regularly. The next batch enrols up to 80 (capacity 75 to 80)
Free digital learning	Full Agniveer written exam syllabus free on SAB's YouTube channel, 90+ videos so far: www.youtube.com/@SAB_Foundation

> **Why it works:** non residential, locally run training lets students prepare for recruitment without leaving college or their family's farm work, and without the cost of a private residential academy.

01 Organization Overview

Sankalp Abhinav Bharat Foundation is a non profit organization founded in 2021 with a mission to serve the nation by empowering rural communities. The foundation focuses on three core areas: **physical and mental fitness**, **protecting the environment**, and **women empowerment**. We dedicate our efforts to impactful on ground activities rather than administrative overheads, ensuring that every resource directly benefits our beneficiaries.

We run lean by choice. Instead of a rented office, our administration is volunteer led, so that every donation we receive goes directly to the people we serve. Our founding members come from corporate backgrounds, so we understand both the expectations of corporate partners and the needs of beneficiaries, and we bridge the two to drive meaningful change.

Through initiatives like Project Lakshya, the foundation promotes physical fitness, discipline and livelihoods for rural youth. By training rural young men for recruitment into the **Indian Army, Maharashtra Police, CAPF** (comprising BSF, CISF, CRPF, ITBP, etc.), **Forest Guards** and **other government services**, we address fitness, discipline, and employment together.

02 Project Overview

India has the largest youth population in the world, and this demographic holds immense potential to contribute to nation building. However, many rural youth lack the guidance, support, and resources needed to achieve their goals. Project Lakshya bridges this gap by providing structured training and mentorship, empowering them to serve the nation.

PROJECT LAKSHYA AIMS AT

- Preparing rural youth for recruitment into the **Indian Army, Maharashtra Police, CAPF, Forest Guards** and other government services through physical fitness and written exam training.
- Promoting discipline, mental and physical well being, and a sense of purpose.
- Building confident, self reliant young men who support their families and contribute to nation building.

This initiative aligns with the foundation's broader goals of nurturing self reliance, fitness, and empowerment in rural communities.

03 Need for Project Lakshya

At our current centre in **Takalibhan, Shrirampur** and surrounding villages, rural youth still face several challenges:

- **Lack of training facilities:** Many rural regions lack accessible training centres for physical and academic preparation.
- **Limited guidance:** Without proper guidance, even capable youth fail to meet the requirements of competitive recruitment exams.
- **No place to study:** Many students have no quiet, well lit place at home to prepare for the written exam.
- **Break from academics:** Most existing preparation academies are residential. Students who join them must pause college and their academic routine, which affects them in the long run.
- **Financial constraints:** Preparation academies are expensive, and sending a student away also takes a helping hand away from the farming family.
- **Social challenges:** Unemployment and lack of opportunities often lead to addiction, lack of motivation, loss of direction, and migration to cities for low paying jobs.

Project Lakshya provides the infrastructure, training, and mentorship required to address these issues, ensuring rural youth have a fair chance to achieve their dream of serving the nation.

Takalibhan centre today: a current batch of 60 students is preparing for Agniveer and Police Bharti, and the next batch enrols up to 80 students (capacity 75 to 80). Only about 5 to 6% of students drop out, and about 94 to 95% attend regularly.

04 Why Sponsor Project Lakshya?

1. **Transforming lives:** Each beneficiary who secures a government job not only achieves personal success but also uplifts their entire family, creating financial independence and stability.
2. **Role models for future generations:** Successful participants become role models, inspiring other youth to pursue careers in the military and government services.
3. **Nation building:** By channelling the energy of rural youth into meaningful careers, the project strengthens the country's human resource potential and contributes to societal well being.

> Your support can ignite a ripple effect, enabling hundreds of families to break the cycle of poverty and creating a legacy of empowerment and success.
>
> Learn more: **www.sabindia.org/project-lakshya**

05 Programme Cycle & Activities

Each batch follows a structured training cycle of **about 15 months** in three phases, from outreach and enrolment to the recruitment rallies. Rally dates vary with each force's bharti announcements, so phases are described by sequence and duration rather than calendar months. A new batch starts every year, so the next batch's outreach runs alongside the current batch's final phase and the centre trains students all year round.

The phases below describe what students do. All costs are in one annual budget in Section 06.

Free digital learning

SAB's YouTube channel publishes the **full Agniveer written exam syllabus** (GK, reasoning, maths and more) **free, with 90+ videos so far**. This extends Project Lakshya's reach beyond the Takalibhan centre to any rural aspirant with a phone, and lets enrolled students revise at home. Channel: **www.youtube.com/@SAB_Foundation**

Online lecture programme (₹1,80,000 a year). This cost covers studio charges of ₹15,000 for 3 months, editing and YouTube upload charges of ₹45,000 for 3 months, and teacher fees of ₹1,000 per lecture for 120 lectures (₹1,20,000), to publish new free lectures in Hindi and for Police Bharti, BSF, CRPF and TA preparation (see Section 06). The videos stay free for every rural aspirant.

Abhyasika: a dedicated study hall

The centre provides a **dedicated abhyasika (study hall)** where students prepare for the written exam every day, with seating, lighting and electricity. It gives rural students the quiet, regular study space that most do not have at home, and it is where weekly tests and mock tests are held. Cost: ₹5,000 a month, including electricity.

How Project Lakshya creates change

Inputs	Activities	Outputs	Outcomes
Two trainers, guest and online lectures, the abhyasika, student kit and rally stay and travel	Daily fitness training, written exam classes, weekly and mock tests, mentoring and parent visits	75 to 80 young men trained per batch, at least 90% retention and about 40% passing the written exam	At least 10 selections a year, stable government jobs and stronger family incomes

PHASE 1 Outreach & Enrolment First 3 months

ACTIVITIES

- **College outreach (first two months):** awareness sessions in 7 to 8 colleges near the training centre, targeting 12th grade students (17+ years) to encourage enrolment.
- **Written exam preparation begins (second month):** basic subject training and assessment of student dedication.
- **Enrolment:** 75 to 80 students registered.
- **Student & parent engagement:** home visits and parent meetings to encourage participation.

Project Lakshya trainees in SAB training kit

Agniveer recruitment awareness campaign: SAB banner with local supporters

Home visit: SAB team meeting a student's family to guide parents

Parent awareness visit at a student's home

PHASE 2 Intensive Preparation Next 6 months

ACTIVITIES

- **Structured written exam training (6 months),** including guest lectures and daily practice.
- **Daily self study in the abhyasika:** a fixed study slot every day in the dedicated study hall.
- **Weekly tests:** assessments covering the syllabus taught during the week.
- **Daily physical fitness sessions** with a dedicated trainer for 6 months.
- **Marathons, endurance events and exposure visits** to build motivation and stamina.
- **Learning materials:** books, stationery, and study kits for students.
- **T shirts:** given to students who stay committed through the first two months. Retention is high: only about 5 to 6% of students drop out, and about 94 to 95% attend regularly.
- **Mid year home & parent visits:** follow ups and additional enrolments.

Pull up practice on the training ground

Trainees building upper body strength on the pull up bar

PHASE 3 — Exam & Post Written Training — About 6 months, until the recruitment rallies

ACTIVITIES

- **Advanced written exam training:** focused revision, practice and mock tests, and mentorship.
- **Advanced physical training:** students who pass the written exam receive advanced coaching for the physical test.
- **Shoes (merit reward):** a first pair for serious, regular students who clear the written exam, and a second pair during physical test training (up to 25 students).

Running shoes given to trainees who cleared the written exam

News coverage: 11 running sports shoes distributed to Agniveer aspirants

- **Recruitment rallies:** stay and travel support for students attending recruitment exams and physical tests. Rally dates depend on announcements by each department based on vacancies.
- **Mentorship & career guidance:** support for selected candidates with final preparation and next steps.
- **Next batch:** outreach and basic training for the next batch start while this batch is in Phase 3, so the same trainers serve both batches.

संकल्प अभिनव भारत फाउंडेशन तर्फे उत्तीर्ण अग्निवीर उमेदवारांचा सत्कार

प्रतिनिधी । राष्ट्र सह्याद्री
टाकळीभान : संकल्प अभिनव भारत फाउंडेशन, पुणे यांच्या वतीने टाकळीभान, श्रीरामपूर येथे गेल्या सहा महिन्यांपासून अग्निवीर तसेच सैन्य भरतीसाठी पूर्व प्रशिक्षण वर्ग सुरू आहेत. या वर्गामध्ये लेखी परीक्षा व मैदानी तयारी या दोन्ही बाबींवर विशेष भर देण्यात येत आहे. येथील प्रशिक्षणार्थी मुलांना संकल्प अभिनव भारत फाउंडेशन पुणे तर्फे टाकळीभान गावातील मान्यवर व पदाधिकारी यांच्या हस्ते शूज वाटप करण्यात आले व त्यांचा सत्कार करण्यात आला. यासंगी शेतकरी संघटनेचे प्रभारी व प्रवक्ते प्रा. कार्लस साठे, पत्रकार अर्जुन राऊत, भाजप जिल्हा उद्योग आघाडीचे अनिल बोडखे, विश्व धावपट्टू भाऊसाहेब गव्हाणे, मेजर राहुल औटी, मयूर लोणारे आदींच्या हस्ते शूज वाटप व सत्काराचा कार्यक्रम संपन्न झाला.
ग्रामीण भागातील युवकांना सशस्त्र दलात भरती होण्यासाठी आवश्यक असलेली तयारी मिळावी, या उद्देशाने हा उपक्रम राबविण्यात येत आहे. या उपक्रमासाठी फाउंडेशनचे संस्थापक इंद्रजीत देशमुख, प्रा. साईनाथ गायके, तसेच प्रशिक्षक सागर कणसे सर यांचे मोलाचे योगदान लाभले. त्यांच्या मार्गदर्शनामुळे व अथक प्रयत्नांमुळे हा वर्ग सातत्याने सुरू राहिला आहे.
ग्रामीण युवकांना सशस्त्र दलात संधी मिळावी व त्यांच्यातील क्षमतांचा विकास व्हावा, यासाठी संकल्प अभिनव भारत फाउंडेशन पुढाकार घेत आहे. स्थानिकांच्या सहकार्याने हा उपक्रम अधिक प्रभावी ठरत असल्याचे दिसून येत आहे.

Dainik Rashtra Sahyadri, 19 August 2026: SAB felicitates successful Agniveer candidates

06 Budget & Ways to Support

One centre costs ₹8,75,000 a year. This one budget covers everything the Takalibhan centre needs for twelve months: two trainers, guest and online lectures, a dedicated abhyasika (study hall) with electricity, kit for 80 students, stay and travel to recruitment rallies, quarterly progress updates and CA certified reporting. Because a new batch starts every year, the centre trains students all year round, so this annual figure is the one to budget.

Annual budget: one centre, 80 students

Budget item	Basis	Amount (₹)	Share
Physical fitness trainer	12 months × ₹15,000	1,80,000	20.6%
Written exam trainer	12 months × ₹15,000	1,80,000	20.6%
Online lecture programme	Studio ₹15,000 + editing and YouTube upload ₹45,000 + 120 lectures × ₹1,000	1,80,000	20.6%
Guest lecturers	12 months × ₹5,000	60,000	6.9%
Abhyasika (study hall)	12 months × ₹5,000, rent including electricity	60,000	6.9%
Books & stationery	Study material for 80 students	50,000	5.7%
T shirts	80 students × ₹500, after the two month check	40,000	4.6%
Shoes (merit reward)	2 pairs × up to 25 students × ₹1,000	50,000	5.7%
Student stay and travel for recruitment rallies	Stay and travel for exams and physical tests	30,000	3.4%
Outreach & home / parent visits	2 rounds × ₹5,000	10,000	1.1%
Exposure visits & marathons	Entry, travel and food	10,000	1.1%
Reporting & compliance	Quarterly updates; 2 reports × ₹12,500 (CA certified utilisation certificates, CA & CS fees)	25,000	2.8%
Total, one centre for one year		**8,75,000**	**100%**

Online lecture programme: ₹1,80,000 breakdown

Why ₹1,80,000 for online lectures? SAB already has Agniveer syllabus content in Marathi. This funding will create and publish on YouTube, free for all, the Agniveer syllabus in Hindi, plus Police Bharti preparation and preparation for other recruitments and rallies such as BSF, CRPF and the Territorial Army (TA). The lectures reach students beyond Takalibhan, across Maharashtra and the Hindi speaking states, at no cost to them, and the recorded lectures stay reusable year after year.

Item	Basis	Amount (₹)
Studio charges	3 months	15,000
Editing and YouTube upload charges	3 months	45,000
Teacher fees	120 lectures × ₹1,000 per lecture	1,20,000
Total online lecture programme		**1,80,000**

Capacity. The current Takalibhan batch has 60 students, and the next batch enrols up to 80 (capacity 75 to 80). The budget is set for 80 students; at 60 students the same budget works out to about ₹14,580 per student.

Two ways to support

Option A: Fund the centre for one year: ₹8,75,000 (recommended). One partner, one agreement and one set of reports. The partner's logo and name appear on the branding for the whole centre (see Section 07).

Option B: Sponsor one budget item. The items below add up to the full annual budget, so several partners can share the centre. Each item sponsor receives its own CA certified utilisation certificate.

Item	What it pays for	Amount (₹)
Trainers	Physical fitness and written exam trainers, 12 months	3,60,000
Online lecture programme	Studio, editing and YouTube upload, and teacher fees for 120 new lectures: Agniveer syllabus in Hindi, Police Bharti, BSF, CRPF and TA preparation; videos stay free for all	1,80,000
Student kit	Books, stationery, T shirts and merit shoes for 80 students	1,40,000
Guest lecturers	Visiting subject experts, 12 months	60,000
Abhyasika (study hall)	Dedicated written exam study hall, rent and electricity, 12 months	60,000
Travel & outreach	Rally stay and travel, college outreach, home visits, exposure visits	50,000
Reporting & compliance	Quarterly progress updates and two CA certified reports a year	25,000
All items together = Option A		**8,75,000**

Funding a single batch instead? One batch, from enrolment to the rallies, takes about 15 months and costs ₹9,95,000: the 3 extra months of trainers (₹90,000), guest lecturers (₹15,000) and the abhyasika (₹15,000) add ₹1,20,000. Most partners fund by financial year, so we recommend the annual budget above.

Optional items (outside the annual budget)

Item	Amount (₹)
Contingency, if the partner wants a buffer: 5% of the annual budget	43,750

Payment schedule

Tranche	When / condition	Amount (₹)
1. On signing (40%)	On signing the agreement, with the batch plan and enrolment list	3,50,000
2. Mid year (40%)	After six months, on a progress report and a CA certified utilisation certificate for tranche 1	3,50,000
3. Year end (20%)	On the annual report and the final CA certified utilisation certificate	1,75,000
Total		**8,75,000**

Item sponsors (Option B) can follow the same schedule or pay in one tranche. Spend is reported by financial year (April to March), and CSR funds are kept in a separate ledger by budget item.

07 Branding & Reporting

Your company logo, alongside SAB Foundation's logo. Logo use and every placement below are approved by the partner before anything is printed or published.

Where your brand appears	How
Student T shirts	Partner logo with SAB's logo on the T shirts given to students
Training ground and abhyasika	"Supported by" banner with the partner logo at the Takalibhan centre
YouTube online lectures	Logo on the intro or end card; credit line in each video description
Certificates and reports	Both logos on trainee certificates, quarterly updates and reports
Website, social media, annual report	Partner logo and name, with consented photos only

REPORTS TO THE CSR PARTNER

- **Quarterly progress update (every three months):** attendance, weekly test scores, fitness test results and photos from the centre.
- **Utilisation report (each financial year end):** spend by budget item, with a CA certified utilisation certificate.
- **Outcomes report (after recruitment results):** selections, retention, exam and fitness results, and success stories.

08 Volunteering Opportunities

Mentorship & training (online)

Corporate employees can volunteer to train and mentor rural youth in:

- Soft skills, communication, and personality development through online sessions (Google Meet, Zoom, etc.).
- Subject lectures for Army, Police, CAPF and other recruitment exams: General Knowledge, Mathematics, Logical Reasoning, English, and Current Affairs.
- Basic IT and digital literacy to widen career options beyond defence services.

On ground engagement

- Career awareness programmes in schools and colleges, inspiring rural youth to join the Indian Armed Forces.

09 Journey & Track Record

Project Lakshya has been running since April 2022. It began at Wagholi, Taluka Shevgaon, District Ahilyanagar, and at the request of our students soon moved to Maka Gaon (Taluka Newasa, Dist. Ahilyanagar). The success stories below (Army, Police, BSF, Territorial Army and CISF selections) come from the Maka Gaon centre and nearby villages. In April 2026 we moved the training centre to Takalibhan, Shrirampur (Dist. Ahilyanagar), where a batch of 60 students is training today.

Highlights: Maka Gaon centre and nearby villages

- **180 beneficiaries** trained for Agniveer recruitment, and 20 selected in Agniveer.
- **25 selections** across all forces: Agniveer, Territorial Army, CISF, BSF and Maharashtra Police; 24 of them joined service.
- **70+ students** participated in recruitment rallies for the Indian Army, Maharashtra Police, and BSF.
- **In the Agniveer Indian Army Bharti 2023 alone,** 12 candidates passed both the physical and written exams, with four securing positions in the Indian Army.
- **120 donors** have supported the project so far.
- **Free online learning:** the full Agniveer written exam syllabus on SAB's YouTube channel, 90+ free videos so far (www.youtube.com/@SAB_Foundation).

Selections year by year

Year	Force	Selected
2021/22 recruitment (rally and exam held the following year)	Maharashtra Police (Akshay Shirsath)	1
2023	Indian Army: Agniveer	4
2023	BSF (Seema Bhangude)	1 (did not join)
2024	Indian Army: Agniveer	3
2025	Indian Army: Agniveer	13 (names below)
2025	Territorial Army: General Duty	2
2025	CISF	1
Total	All forces	**25 (24 joined)**

Agniveer selections total 20: 4 in 2023, 3 in 2024 and 13 in 2025. Of the 25 selections, 24 joined service: Seema Bhangude was selected in the BSF in 2023 (joining letter dated 28/08/2023) but did not join for personal reasons. Akshay Shirsath's Maharashtra Police selection came through the 2021/22 recruitment: it was announced in 2021/22, the rally and written exam were held the following year, and results were declared after that. Akshay trained with SAB from the start of his preparation. Selection or joining letters and merit lists are listed in the Annexure.

Agniveer Indian Army Bharti 2025

> 13 beneficiaries of Project Lakshya, all rural youth from Ahilyanagar, Maharashtra, were selected into the Indian Army through the Agniveer Indian Army Bharti 2025.
>
> For us, this is more than a result. It is a historic moment for rural talent, discipline, and determination.

Project Lakshya beneficiaries selected as Agniveers in the Indian Army, 2025

01 Anil Sambhaji Dhakane	02 Vitthal Laxman Zirpe	03 Prashant Dattatray Phartale
04 Gaurav Balasaheb Mhaske	05 Krishna Bandu Gunjal	06 Aditya Nanasaheb Gayke
07 Krishna Anil Sonnar	08 Sominath Shelke	09 Ganesh Bhausaheb Zirpe
10 Amol Kakasaheb Zirpe	11 Nitin Dahiphale	12 Aniket Uddhav Shekade
13 Santosh Navnath Shelke		

Success stories (selected examples)

Name	Selection / Achievement	Year
Mr. Prashant Pandhare	Indian Army: Soldier Tradesman	Agniveer 2023
Mr. Arjun Dhekale	Indian Army: Soldier Technical	Agniveer 2023
Mr. Shriram Londhe	Indian Army: Soldier General Duty	Agniveer 2023
Mr. Vishal Kedar	Indian Army: Soldier General Duty	Agniveer 2023
Mr. Akshay Shirsath	Maharashtra Police	2021/22 recruitment (rally and exam the following year)
Ms. Seema Bhangude	BSF: selected after clearing the physical and written exams; did not join for personal reasons	2023
Mr. Ajitnath Pandhare	Territorial Army: General Duty	2025
Mr. Yogesh Gardhe	Territorial Army: General Duty	2025
Mr. Prashant Bhangude	CISF	2025

Beyond employment, the project has instilled discipline, confidence, and a strong sense of purpose among its participants.

10 Alignment with UN Sustainable Development Goals

Project Lakshya supports two main United Nations Sustainable Development Goals (SDGs), with two supporting goals:

Goals	Goal and how Project Lakshya contributes			
Main goals		**SDG 4: Quality Education.** Free coaching and study material help rural boys from Takalibhan prepare for Agniveer, defence and police recruitment.		**SDG 8: Decent Work and Economic Growth.** Training leads to stable government jobs and better employability for rural youth.
Supporting goals		**SDG 1: No Poverty.** A secure government salary lifts farm and low income families.		**SDG 3: Good Health and Well being.** Daily physical training builds fitness and discipline.

11 Expected Outcomes & Targets

For every batch we set measurable targets and report against them:

Indicator	Target per batch	How measured
Enrolment	80 students	Enrolment register
Retention	At least 90% attending regularly to the end of Phase 2 (today about 94 to 95%)	Attendance register
Written exam (CEE)	About 40% of students who appear (baseline about 30 to 35%, i.e. 12 to 14 of every 40)	Results / admit cards
Selections	At least 10 a year across all forces	Selection or joining letters
Fitness	Improvement on recruitment PFT events (e.g. 1.6 km run, pull ups)	Fitness tests at start, mid cycle and before rallies

1. **Increased employability:** Equip participants to pass physical and written exams, opening doors to government jobs.
2. **Family transformation:** Beneficiaries' success directly improves the financial stability of their families.
3. **Healthier, disciplined youth:** daily fitness training and a fixed study routine build discipline and keep young men away from addiction and loss of direction.

12 Monitoring & Evaluation

- **Quarterly reviews:** assessments of progress in training participation, exam preparation, and physical fitness, shared with the CSR partner as a short quarterly progress update (attendance, weekly test scores, fitness test results and photos).
- **Post training surveys:** evaluation of the programme's long term impact on participants' lives and the community.

PERFORMANCE INDICATORS

- Baseline fitness test at enrolment, repeated mid cycle and before rallies.
- Weekly test and CEE pattern mock test scores; CEE pass rate; selections by force and year, with proof.
- Retention at the two month check and at the end of Phase 2.
- Participant and parent feedback and testimonials.

13 Safeguarding

Some students join at 17, so the programme works with minors. SAB Foundation applies these safeguards in every batch and will share its written safeguarding policy with the CSR partner.

- **Policy and code of conduct:** signed by every trainer, guest lecturer and volunteer; a named safeguarding lead at SAB; no one to one sessions out of sight of others.
- **Parent consent for under 18s:** written consent from a parent or guardian before enrolment, including for travel to rallies.
- **Photo consent:** photos and names used only with written consent (parent consent for under 18s).
- **Background checks:** police verification for trainers and regular guest lecturers.
- **First aid and reporting:** first aid kit at every session; concerns logged and reported the same day, and to the authorities where the law requires (including POCSO).

14 Risk Management

Risk	Mitigation
Low participation	Engage community influencers and conduct village level meetings to drive awareness and participation.
Dropouts	Regular counselling and motivational sessions to keep students committed (dropout today is only about 5 to 6%).

15 Team & Stakeholders

Programme team

- **Physical training:** a dedicated physical training instructor with more than 6 to 7 years of experience conducts daily ground training, and some sessions are led by an NCC cadet.
- **Written exam training:** qualified trainers with more than 6 to 7 years of experience.
- **On site coordinator:** Sainath Gaike, paid coordinator at the Takalibhan centre (covered within staff costs).

Stakeholders

- **Ex servicemen and professional trainers** for mentorship and skill building sessions.
- **Local schools, colleges, and NGOs** to reach eligible students and expand awareness.
- **CSR partners and corporates** to ensure financial sustainability and scalability.

16 Five Year Roadmap

We aim to continue Project Lakshya at our current centre in Takalibhan, Shrirampur, Dist. Ahilyanagar, Maharashtra. Only if sponsorship is available, we will expand to other parts of Ahilyanagar, including Sonai and Shevgaon, and to Chhatrapati Sambhajinagar, where youth interest in defence and public service is strong. Our focus remains on discipline, career opportunities, and physical fitness.

Centre	Opening	Students per year	Cost per year (₹)
Takalibhan, Shrirampur (current)	Running	60 now (capacity 75 to 80)	8,75,000
Sonai (Ahilyanagar)	Only if sponsored	75 to 80	about 8,75,000
Shevgaon (Ahilyanagar)	Only if sponsored	75 to 80	about 8,75,000
Chhatrapati Sambhajinagar	Only if sponsored	75 to 80	about 8,75,000

17 Conclusion

Sankalp Abhinav Bharat Foundation believes in empowering rural youth through **Project Lakshya**, a flagship initiative designed to bridge the gap in access to resources and opportunities. By providing physical fitness training, academic support, and essential resources, we help youth overcome challenges and achieve their dream of serving the nation. With your support, we can expand this project and build a disciplined, employable, and self reliant generation that contributes to a stronger, more prosperous India.
